

NOTICE

The Principal Bench of the NOT vide order dated 20/09/2018 passed in OA no. 673/2018 has directed the state of Goa to prepare an action plan within 2 months in bringing all polluted river stretches to be fit at least for bathing purposes within 6 months from the date of finalization of the action plans.

This action plan is required to be prepared by the River Rejuvenation Committee (RRC) that will function under the supervision and coordination of the Principal Secretary (Environment), Government of Goa.

Copy of Order dated 20/09/2018 passed in OA no 673/2018 is uploaded on

<http://goaspcb.gov.in/circulars>

The RRC in the State of Goa has formulated draft action plan for rejuvenation of the following rivers; Sal, Chapora, Tiracol and Zuari.

The draft action plans in this regard are uploaded on www.goaspcb.gov.in/circulars

The Public in general particularly, representatives of educational institutions, religious institutions and commercial establishments in the State of Goa are requested to submit their suggestions and comments on the issue of rejuvenation of the aforesaid rivers and on the draft action plans prepared by the RRC.

Voluntary donation, CSR contribution and Voluntary services/participation in the above exercise is also invited.

Suggestions/comments/Correspondence in this regard may be addressed to the Secretary (Environment) Government of Goa via email at dir-env.goa@gov.in
